HEALTH INDUSTRY ALERT

AKIN GUMP STRAUSS HAUER & FELD EXPANDS FALSE CLAIMS ACT PRACTICE

Over the past year, the health industry practice group at Akin Gump Strauss Hauer & Feld LLP has experienced substantial success¹ in important False Claims Act (FCA) matters. One notable example is *United States v. Prabhu*, 442 F. Supp. 2d 1008 (D. Nev. 2006), where the firm successfully defended a medical practice and physician alleged to have breached the FCA. The case represented one of the extraordinarily rare instances in which defendants have prevailed against the government at summary judgment in an FCA action and established important precedent that other health care providers can invoke to deter governmental overreaching in FCA investigations and litigation. Currently, the firm represents a major health system, a national laboratory, a national skilled nursing facility and several other entities in FCA litigation.

2007 CHAMBERS USA RECOGNITION

Robert Salcido was once again recommended as a leading health care practitioner in *Chambers USA: America's Leading Lawyers for Business* (2007), which surveys clients for their views on law firms and individual lawyers. In the 2007 edition, clients praised Robert as being "perhaps the best False Claims Act lawyer in the country" and recognized him for his "scholarly command on the state of the law" and for being a "practical, shrewd tactician and strategist." Robert was also listed as one of the top 12 Outstanding Healthcare Fraud and Compliance Lawyers in 2007 by *Nightingale's Healthcare News*.

AKIN GUMP WELCOMES ROBERT HUFFMAN AND PETER HUTT

The firm has now substantially expanded its FCA practice capability with the addition of Robert K. Huffman and Peter B. Hutt as partners in the litigation practice in Washington.

Huffman and Hutt represent defense contractors, health care systems, technology companies and construction companies on a full spectrum of government contracts issues, ranging from advice on IP, technology transfer and cost issues, to representation in bid protests, FOIA disputes and contract disputes. Both have extensive experience in representing contractors in FCA and other procurement fraud matters and have served as counsel in more than 20 such matters.
